

9th IEEE International Conference on *Automatic Face and Gesture Recognition* **FG 2011**

Santa Barbara, CA | March 21-23, 2011

<http://www.FG2011.org>

ORGANIZING COMMITTEE

General Chairs

Matthew Turk, UCSB
Stan Li, CAS

Program Chairs

Kevin Bowyer, Notre Dame
Marian Bartlett, UCSD
Rainer Stiefelhagen, KIT

Finance Chairs

Walter Scheirer, UCCS
Ross Beveridge, CSU

Special Sessions Chair

Karl Ricanek, UNCW

Local Arrangements Chair

Sheng Zhang, UCSB

Demos/Exhibits Chair

Ming-Hsuan Yang, UC Merced

Proceedings/Workshops Chair

Gang Hua, Nokia Research

Corporate Relations Chair

Rogério Feris, IBM

Publicity Chairs

Massimo Tistarelli, Sassari
Terence Sim, NUS

Area Chairs

Fernando de la Torre, CMU
Rana el Kaliouby, MIT
Ming-Hsuan Yang, UC Merced
Luis Philippe Morency, USC
Qiang Ji, RPI
M. Alex O. Vasilescu, UCLA
Aleix Martinez, Ohio State
Bastian Leibe, RWTH
Ivan Laptev, INRIA
Sudeep Sarkar, USF
Ioannis Kakadiaris, UH
Lijun Yin, SUNY-B
Stan Sclaroff, BU
Kazuhiro Otsuka, NTT Labs
Roland Goecke, U. Canberra
Yong Cao, Virginia Tech
Jeff Cohn, Univ. of Pittsburgh
Maja Pantic, Imperial College

The *Ninth IEEE International Conference on Automatic Face and Gesture Recognition (FG 2011)* will be held in Santa Barbara, California on March 21-23, 2011. The IEEE conference series on Automatic Face and Gesture Recognition is the premier international forum for research in image and video-based face, gesture, and body movement recognition. The conference presents research that advances the state-of-the-art in these and related areas, leading to new capabilities in areas such as biometrics, interactive systems, surveillance, healthcare, and entertainment. The FG conference plays an important role in shaping related scientific, academic, and higher-education programs. For FG 2011, we are soliciting papers in all areas of face and gesture recognition, including:

- Age-related change in facial appearance
- Human communicative behavior analysis
- Multimodal and context-sensitive interfaces
- Vision-based human robot interaction
- Ambient intelligence
- Multi-modal sensing and novel sensing technologies
- Human action recognition
- Face and feature tracking
- Facial animation
- Active appearance and active shape models
- Learning feature spaces and manifolds

Submissions. Paper submissions may be up to six pages in conference format. Substantially similar papers may not have appeared elsewhere or be in submission to another conference during the FG review period. Papers presented at FG 2011 will appear in the IEEE Xplore digital library. Demo submissions are also solicited for presentation at the conference. Submission details are available at the conference web site: <http://www.FG2011.org/>.

Workshops. Workshops associated with the conference may be held on March 24 and 25. See the conference web site for instructions regarding workshop proposals.

Conference Venue. [Tentative] FG 2011 will be held at the beautiful Doubletree Resort in Santa Barbara, a 24-acre, mission-style Santa Barbara hotel resort facing the Pacific Ocean, located on one of Southern California's most beautiful coastlines.

Sponsorship. FG 2011 is co-sponsored by the IEEE Computer Society TC on Pattern Analysis and Machine Intelligence and the IEEE Biometrics Council (approval pending).

IMPORTANT DATES

Paper submission	October 6, 2010
Workshop proposals	October 20, 2010
Demo submissions	November 5, 2010
Decision to authors	December 8, 2010
Final versions	January 19, 2011
FG 2011	March 21-23, 2011
Workshops	March 24-25, 2011
